

„Sweet dreams are made of snow“

## 7. Imperium Gastunum Jam Session

**Newcomer and Pro Riders from the freeski and snowboard scenes are going to show their skills at the 7th Jam Session and will stun the crowd.**

**Salzburg, Jan. 31st 2008 – On Friday, Feb. 22nd 2008, dreams made of freestyle acrobatics will come true! Austrian snowboarders and freeskier will return from their winter sleep and look forward to be part of a contest which will be stunning. At the 'Buchebehlift' will be a story written made of snow and skills. Michael Macho and Joachim Winter won the last year competition and immortalized their names in the snow of the world-cup slope at the foot of 'Stubnerkogel' in front of an enthusiastic crowd of 2500 people. We are awaiting the 7th night finals with great anticipation.**

The park will be modified with only a few changes which will take more skills than the year before. The run will start with a 10 meter flat kicker and will be followed by a 9 meter gap leading to a single kinked rail on our VW bus.

The Jam Session 2008 is part of the international TicketToRide-Tour and is also a qualifier to the Austrian Masters (N.ASA) at the 'Nordpark' and 'Kühtai' in Innsbruck.

### **Live at the Contest Area:**

Cosmic Juice (<http://www.myspace.com/cosmicjuice1>) are eight musicians with different influences of musicstyles to combine their musical roots. The result is a wide lineup of fat beats with funk, hip hop, bossa, Rock and reggae elements. The MCs Cle and Junk come along with their political and thoughtful lyrics, making the crowd think and dance. Special guest appearance by Crazy Cris, Ill Mili und Marcus H., one of the primary supporters of the Vienna Art Lab.

There will be a 'Fosters' snowboard to win.
